# Information about Healing Hearts MINISTRIES INTERNATIONAL™

Since 1988, Healing Hearts has served **over 10,000** individuals who have been wounded by their past – by affliction such as sexual abuse, domestic violence, abortion, rape and catastrophic loss.

Our ministry serves both **women and men** in **28 states** and **8 foreign countries**. We can be found in women's correctional facilities, crisis pregnancy centers, sex-trafficking rescue ministries and in many churches across the country.

Many wounded individuals have completed our study in a small group setting or on-line via our interactive website. The positive impact of the study often extends to other areas of their lives, including **healthier marriages and restored families**.

Our desire is to reach even more hurting people for Jesus, but **we need your help**.

Men and women who have completed the Healing Hearts study are **given new hope**:

*“Through my Healing Hearts study, I would apply Scripture to my life and find peace and healing. Thank you for this truly God-given ministry... This has truly changed me and my family's life.”*  
♥ Julie

*“God shared with me, through the Wounded Warrior study, that ‘Forgiveness gets me into Heaven. Healing, however, gets me through life.’ As a pastor who has gone through this study, I have no reservations whatsoever recommending this to men or women who have been hurt due to the effects of abortion.”*  
♥ Pastor Pete

Testimonies like these never leave us because they remind us that **each person is important to God**. The need is great and much work must be accomplished in order to fulfill the vision that God has given us.

**You can help us** reach out and touch lives that need the hope and healing only Jesus can offer. Please consider supporting one of our Healing Hearts walkers at:  
[www.healinghearts.org/walk](http://www.healinghearts.org/walk)

All proceeds from this event will go toward reaching women and men around the world who need hope and healing in Jesus Christ. Your contributions will help us: continue our ministry to help post-abortive men and women, train counselors all over the world, further develop our ministry in prisons and women's shelters, & translate our materials into other languages.
